

HIMANSHU GUPTA

SOFTWARE ENGINEER | WEB DEVELOPER

Oxy Evolve ,Wagholi , Pune | [himanshugupta.linkedin.com](https://www.linkedin.com/in/himanshugupta) | [himanshugupta2004.git](https://github.com/himanshugupta2004) | [Him_behance](#)

SUMMARY

Results-driven Software Engineer specializing in Web Development with expertise in Frontend technologies, Node.js, UI/UX principles, and full-stack application development. Strong problem-solving skills with a solid foundation in Data Structures & Algorithms, Python, C++, and Computer Fundamentals. Passionate about designing scalable, user-friendly web applications and delivering seamless digital experiences.

TECHNICAL SKILLS

Frontend Development: HTML, CSS, JavaScript, Tailwind CSS ,Bootstrap , SASS

Backend Development: Node.js (learning), PHP(beginner)

UI/UX Design: Figma, Wireframing, Prototyping

Programming Languages: JavaScript, Python, C++

Database Management: SQL, DBMS

Other Technologies: Git ,Git hub ,Version Control

Computer Science Concepts: Data Structures & Algorithms, Problem Solving, Computer Fundamentals

Testing : Manual testing , User Testing

Software Development : Agile , Scrum

Libraries : Open CV

EDUCATION

G. H. Raisoni College of Engineering & Management , Pune

Nov 2022 - June 2026

Bachelor of technology (Computer Engineering)

- Major in Computer Science and Engineering with (8.41 CGPA)
- Blockchain , Web Development , Open CV , Computer networks , Data Structure & Algorithm .

Vidya Niketan Junior College , Gondia

May 2020 - May 2022

HSC - (Maharashtra State Board) (83.80%)

- Presentation Skills , Computer Application , Speech Presentation and Applied Mathematics .

PROJECTS

Object Detection Glasses for blind

March 2025

- Developed real-time obstacle detection using OpenCV for blind assistance.
- Integrated voice feedback for directional guidance and distance measurement.
- Optimized object tracking for faster and more accurate navigation.

Food Restaurant Website Landing Page

Jan 2024 - Jan 2024

- Created an intuitive restaurant website UI in Figma with responsive and user-friendly design.
- Developed it with HTML , CSS , JavaScript and Bootstrap.
- Developed wireframes and prototypes to streamline the development process.

Finhance - Finance Management App User Interface

June 2024 - July 2024

- A full prototype design for Finhance Mobile Application.
- Tools Figma , Creatie , Wireframing and User Research.
- Worked on User - Centric Designs.

ADDITIONAL INFORMATION

- **Languages:** English, Hindi , Marathi .
- **Certifications:** Professional Design Masterclass ([PW License](#)) .
- **Activities:** Graphic Designer Head at GDSC GHRCEM ([Projects](#)) .
- **Hackathons:** Participated over 20+ hackathon and achieve top 2 in two of them .
